*Details:*

**1. Workshop for Under Graduate Architecture Students in Third Year**

A workshop for Architecture students is being held at IIT Kanpur during July 04 -09, 2011. The aim of this workshop is to draw the attention of Architecture students towards keeping the earthquake engineering aspects in view while designing their structures. For further details or any queries please contact : Suresh Ailawadi at Tele - 0512 – 259 7749, Fax – 0512 – 259 7794 or E-mail: [asuresh@iitk.ac.in](mailto:asuresh@iitk.ac.in)

**2. Literature Review Workshop for Post Graduate Students**

The Annual Workshop for post graduate students pursuing their masters or doctorate degree with thesis in earthquake engineering is scheduled during July 07-16, 2011 at IIT Kanpur. The aim of this workshop is to provide an access to the students to quality research material so that they can do a thorough literature review for their thesis. For

further details or any queries please contact : Suresh Ailawadi at Tele - 0512 - 259 7749, Fax - 0512 - 259 7794 or E-mail: [asuresh@iitk.ac.in](mailto:asuresh@iitk.ac.in)

### **3. Inter-School Quiz Competition based on IITK-BMTPC Earthquake Tips 2011-12**

The invite to schools for quiz competition have been sent. Members are requested to encourage the schools in their area to participate in the competition during 2011-12. A brief about the previous competitions can be viewed at <http://www.nicee.org/Quiz/> . Members willing to conduct the preliminary round of quiz in their city of residence may please contact: Suresh Ailawadi at Tele - 0512 - 259 7749, Fax - 0512 - 259 7794 or E-mail: [asuresh@iitk.ac.in](mailto:asuresh@iitk.ac.in)

### **4. Open House of NICEE**

The annual Earthquake Engineering Open House of NICEE is scheduled to be held at IIT Kanpur during Dec 07 - 11, 2011. The open house is held with the aim to enable postgraduate students to conduct literature survey for their thesis related to earthquake engineering issues and interact with the faculty and professionals. The Open House also welcomes professional engineers and architects to help them familiarize themselves with enormous literature available at NICEE on design and construction of safe habitat. You can apply online for the Open House on our website [http://www.nicee.org/Open\\_House/index.php](http://www.nicee.org/Open_House/index.php)

### **5. Publication - Seismic Isolation for Designers and Structural Engineers**

National Information Centre of Earthquake Engineering (NICEE) has recently published "Seismic Isolation for Designers and Structural Engineers" which is authored by Trevor E. Kelly of Holmes Consulting Group, R. Ivan Skinner and Bill (W. H.) Robinson of Robinson Seismic Limited. The book provides both theory and practical aspects of seismic isolation technique, which is an extract of more than three decades of in-hand experience on the seismic isolation systems by the authors. It contains the necessary mathematical tools and introduces the empirical methods with detailed design and documentation material of type that a structural engineer would need to implement isolation technique. The book has been nominally priced at Rs. 600/- (overseas order to add Rs. 750/- to cover air-mail postage and handling). We have had an excellent response from NICEE fraternity. To view the contents of the book and/or order please visit [http://www.nicee.org/New\\_Releases.htm](http://www.nicee.org/New_Releases.htm)
